1. ABOUT

Creating a bright future with science & technology!

On the occasion of our 350 year's anniversary, Merck KGaA, Darmstadt, Germany, initiated an independent flagship conference called Curious2018 Future Insight.

The conference brought together some of the world's best scientists and most accomplished entrepreneurs featuring 60+ speakers, of which 6 were Nobel Laureates. The intense 3-day program was dedicated to exploring the future of science & technology with the aim to solve challenges of today and to enable the dreams of a better tomorrow.

Incredible Curious2018 participants feedback:

This was the best conference I have ever attended

Probably the next step up in quality is the Nobel Prize Ceremony

This was the Woodstock of science & technology

The quality of the program was outstanding

The legacy began in 2018 continues in 2020 with the **Curious2020 Future Insight Conference**.

The Curious2020 conference will bring together 1,300 scientists, accomplished entrepreneurs, technology pioneers, and media representatives from around the globe on **July 13th-15th in Darmstadt, Germany**. This conference is the place to meet the people that shape the global future of science and technology.

Visit www.curious2020.com.

We will offer companies and organizations looking to promote their products and technology to the Curious2020 Future Insight Conference audience the chance to do so through our **Exhibition Spaces**. Technical specifications, your benefits as an exhibitor as well as how to reserve an Exhibition space are all described in this presentation.
